

AIM LOGISTICS

COMPANY PROFILE:

AIM LOGISTICS is a growing and forward thinking company, in the field of International Freight Forwarding, Shipping and Consolidation. We have been successfully handling consignments of different types of cargoes ranging from Engineering Goods, Chemicals, Pharma and Food Grains using our three-pronged mode of transportation, viz. Sea Transport, Air Transport and Combination of Air-Sea Transport. We offer our valuable customers fast, reliable and cost effective logistics services, customized to their specific requirements. We offer complete range of services like Transportation, Clearance and Freight Forwarding solutions to our customers.

At **AIM LOGISTICS** we adhere to an unwavering resolve of providing end-to-end logistics solutions, to enable our business partners for seamlessly integration & management of their businesses worldwide.

Complementing our strategic freight services via Ocean & Air for Export & Import, are our tactical transportation & warehousing services. Customs Clearances is also a key service that we pride ourselves to be well known in among our customers.

AIM LOGISTICS

OUR SERVICES:

OCEAN TRANSPORTATION

- FCL Shipments
- LCL Shipments
- Dangerous Goods Transportation
- Special Equipment

Sea freight is still the most important form of transport to dispatch large volumes from one continent to another. Optimal and scheduled sea transports require a specific knowledge and experience, which **AIM LOGISTICS** takes into account already during planning and preparation of the offer.

The dispatch of your sensitive sea cargo is in the hand of our skilled and experienced sea freight experts.

Due to the ever increasing freight volumes we have very far-reaching and close personal ties to most of the renowned ocean carriers. Therefore, **AIM LOGISTICS** is able to effect individual price arrangements ("named accounts") and guaranteed cargo areas for you. Such savings are also a direct financial benefit for our customers.

AIM LOGISTICS

AIR TRANSPORTATION:

With our worldwide network we load every air cargo shipment in a safe, fast and smooth manner. A profound local and trans-regional expert knowledge of our employees and partners facilitate a professional transport procedure. A profound

knowledge of the country-specific import and export regulation avoids unnecessary delays in delivery.

Our large allotments of cargo areas to the major traffic pathways in this world guarantee a punctual shipment of your delivery even in the high season.

We guarantee an optimal processing of your import and export deliveries by means of highly qualified air freight workers employed with **AIM LOGISTICS.**

AIM LOGISTICS is your experienced air freight partner to meet your requirements and to connect you with your global customers.

AIM LOGISTICS

ROAD TRANSPORTATION:

AIM LOGISTICS offers efficient ground transportation by way of road. This forms an integral aspect of our concept of door-to-door delivery. Over the years we have built up strong relationships with trucking companies in the remotest parts of the

country. We leverage such relationships to ensure that we offer our customers with the safest and the fastest transportation of their cargo at the best possible rates. Our worldwide agents have similar contacts with reliable local ground transportation companies which enable us to provide our customers with professional ground transportation services all over the world.

Our integrated ground logistics solutions include:

- Inland transportation by Road
- Loading of the cargo in the safest possible manner at the point of pick-up
- Unloading of the cargo at the point of destination for further transportation or final delivery as the case may be

AIM LOGISTICS

CUSTOM CLEARANCE:

AIM LOGISTICS has been providing professional Customs Clearance Services, thereby making it one of the most experienced players in the Indian market. At the back of our cordial relations, we are confident of assuring you speedy export and

import clearances and quick release of consignments in case of imports or the relevant Bills of Lading in case of exports.

Our integrated ground logistics solutions include:

- Documentation for Customs Clearance
- Carting of the goods
- Examination of the Shipment
- Customs Clearance of the import cargo at the port of entry
- Handling of the cargo at the port
- Arranging for a Bonded Warehouse as and when required by the customer
- Cargo stuffing & de-stuffing at Ports, ICDs and Customers' warehouse
